

Summer School 2018: June 11-July 5 (Monday through Thursday)

Summer Achievers classes will run June 11- July 19 (Monday-Thursday)

	7:40-8:25 AM	8:30-9:15 AM	9:20-10:05 AM	10:10-10:55 AM	11:00-11:45 AM
Kindergarten	Wild about Science 1 with Mrs. Reardon	Summer Achievers Reading **		Summer Achievers Math **	Let's Write! with Kim Jordan
	Learning with Legos with Mrs. Jordan	Art & Animals with Mrs. Kyp-Johnson	Invent, build, and explore! with Ms. Pugliese		Wild about Science 2 with Mrs. Reardon
1st grade	Wild about Science 1 with Mrs. Reardon	Summer Achievers Reading **		Summer Achievers Math **	Let's Write! with Kim Jordan
	Learning with Legos with Mrs. Jordan	Art & Animals with Mrs. Kyp-Johnson	Invent, build, and explore! with Ms. Pugliese		Wild about Science 2 with Mrs. Reardon
2nd grade	Wild about Science 1 with Mrs. Reardon	Summer Achievers Reading **		Summer Achievers Math **	Wild about Science 2 with Mrs. Reardon
	Invent and Explore through STEAM with Ms. Pyrcce	Art & Animals with Mrs. Kyp-Johnson	What do Scientists and Engineers do? with Mr. Anagnostopoulos	Introduction to Computers and Technology with Mr. Anagnostopoulos	Art & Animals with Mrs. Kyp-Johnson
					Let's Write! with Kim Jordan
3rd grade	Invent and Explore through STEAM with Ms. Pyrcce	Summer Achievers Reading **		Summer Achievers Math	Art & Animals with Mrs. Kyp-Johnson
	Let's compete in Math! with Mrs. Ahmed		What do Scientists and Engineers do? with Mr. Anagnostopoulos	Volleyball, Basketball, & More with Mrs. Fitzgerald	Volleyball, Basketball, & More with Mrs. Fitzgerald
		Introduction to Computer Programming and Coding with Mr. Anagnostopoulos		Introduction to Computers and Technology with Mr. Anagnostopoulos	
4th grade	Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip	Summer Achievers Reading **		Summer Achievers Math **	Volleyball, Basketball, & More with Mrs. Fitzgerald
	Let's compete in Math! with Mrs. Ahmed		What do Scientists and Engineers do? with Mr. Anagnostopoulos	Volleyball, Basketball, & More with Mrs. Fitzgerald	Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip
	Chemistry and Hands-On Engineering and Design with Mr. Anagnostopoulos	Introduction to Computer Programming and Coding with Mr. Anagnostopoulos	Art & Animals with Mrs. Kyp-Johnson		
	Invent and Explore through STEAM with Ms. Pyrcce		Games Galore and More! with Mrs. Phillip		

Band Camp June 11-15, 12:30-3:45 PM

Summer School 2018: June 11-July 5 (Monday through Thursday)

Summer Achievers classes will run June 11- July 19 (Monday-Thursday)

	7:40-8:25 AM	8:30-9:15 AM	9:20-10:05 AM	10:10-10:55 AM	11:00-11:45 AM
5th grade	Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip	Summer Achievers Reading **		Summer Achievers Math **	Volleyball, Basketball, & More with Mrs. Fitzgerald
	Let's compete in Math! with Mrs. Ahmed		Explore fractals with Mrs. Ahmed		Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip
	Wake-up and workout with Mr. Yena	Introduction to Computer Programming and Coding with Mr. Anagnostopoulos	Boys Basketball with Mr. Steele	Volleyball, Basketball, & More with Mrs. Fitzgerald	
	Chemistry and Hands- On Engineering and Design with Mr. Anagnostopoulos	Running Club with Mr. Steele	Art & Animals with Mrs. Kyp-Johnson		
		Makerspace and Pinterest: Let's Create! with Mrs. Phillip	Games Galore and More! with Mrs. Phillip	Girls Basketball	
6th grade	Wake-up and workout with Mr. Yena	Summer Achievers Reading **		Summer Achievers Math **	Co-Ed Volleyball with Mr. Kolar
	Dance Fitness with Mrs. Burtner	Claymation: Stop Motion Animation! with Mrs. Burtner	Pottery with Mrs. Burtner	Mosaics! with Mrs. Burtner	Sewing with Mrs. Burtner
	Let's compete in Math! with Mrs. Ahmed		Explore fractals with Mrs. Ahmed		History on Film with Mr. Steele
	Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip	Running Club with Mr. Steele	Boys Basketball with Mr. Steele	Girls Basketball	Grilling with Mr. Yena
	Chemistry and Hands- On Engineering and Design with Mr. Anagnostopoulos	Cooking 1 with Mr. Yena	Cooking 2 with Mr. Yena	STEM with Mr. Yena	
		Makerspace and Pinterest: Let's Create! with Mrs. Phillip	Games Galore and More! with Mrs. Phillip		

Band Camp June 11-15, 12:30-3:45 PM

Summer School 2018: June 11-July 5 (Monday through Thursday)

Summer Achievers classes will run June 11- July 19 (Monday-Thursday)

7th grade	Wake-up and workout with Mr. Yena	Summer Achievers Reading **		Summer Achievers Math **	Co-Ed Volleyball with Mr. Kolar
	Dance Fitness with Mrs. Burtner	Claymation: Stop Motion Animation! with Mrs. Burtner	Pottery with Mrs. Burtner	Mosaics! with Mrs. Burtner	Sewing with Mrs. Burtner
	Harmony and Energy: Exploring Yoga and Tai Chi with Mrs. Phillip	Running Club with Mr. Steele	Explore fractals with Mrs. Ahmed		Grilling with Mr. Yena
		Cooking 1 with Mr. Yena	Cooking 2 with Mr. Yena	STEM with Mr. Yena	History on Film with Mr. Steele
		Makerspace and Pinterest: Let's Create! with Mrs. Phillip	Boys Basketball with Mr. Steele	Girls Basketball	
			Games Galore and More! with Mrs. Phillip		

2018 SUMMER School Classes

Important Information:

- Enrichment classes: June 11-July 5 (Monday-Thursday)
- Summer Achievers classes: June 11- July 19 (Monday-Thursday)
- Band Camp: June 11-June 15 (Monday-Friday)
- Student should be registered for classes based on their current grade level.

Title: Wake-up and Workout

Description: Join Mr. Yena in a daily workout of either stations, lifting weights, riding the elliptical and bike, or working hard in an active fitness game! Get your heart pumping and start your summer day off right!

Teacher: Mr. Yena

Grade Level(s): 5-7

Time: 7:40-8:25 AM

Cost: \$105

Title: Wild About Science 1

Description: Are you fascinated by the way the world works? Do you wish you could do science experiments every day? Well, this class is just for you! Join us for experiments, explosions, reactions, and engineering. Kindergarteners through 2nd graders can enjoy the world of science though exciting and engaging hands-on experiments.

Teacher: Mrs. Reardon

Grade Level(s): K-2

Time: 7:40-8:25 AM

Cost: \$120

Title: Learning with Legos

Description: How tall, long or wide is your lego creation? Can you make your building in any 3D shape? Can you make a Lego creation that holds more marbles than the other team? These are some of the challenges that students will tackle this summer.

Teacher: Mrs. Jordan

Grade Level(s): K-1

Time: 7:40-8:25 AM

Cost: \$105

Title: Invent and Explore through STEAM

Description: Do you like to create and invent? Want to solve engineering challenges? Want to try your hand at designing a bus for Pigeon from Mo Willems' books? In this class, students will complete challenges based on popular children's books.

Teacher: Ms. Pyrcce

Grade Level(s): 2-4

Time: 7:40-8:25 AM

Cost: \$105

Title: Let's Compete in Math!

Description: Want to challenge your math skills? This class will use various math competitions to challenge students and have fun with math.

Teacher: Mrs. Ahmed

Grade Level(s): 3-6

Time: 7:40-8:25 AM

Cost: \$125

Title: Harmony and Energy: Exploring Yoga and Tai Chi 4-7

Description: Do you want to increase your flexibility and confidence, power and positive attitude? Do you want to have fun moving to great music? This is the class for you!

Teacher: Mrs. Phillip

Grade Level(s): 4-7

Time: 7:40-8:25 AM

Cost: \$105

Title: Chemistry and Hands-On Engineering and Design

Description: If you enjoy working with your hands, are a fan of science and want to learn what types of careers and cool labs scientists and engineers participate in, then this is the class you've been waiting for! In this course, students will have the opportunity to participate in engineering challenges such as designing your edible slime, bubbling, exploding and fizzy experiments, sticky ice, and a host of other fun activities that you can learn how to do at home!

Teacher: Mr. Anagnostopoulos

Grade Level(s): 4-6

Time: 7:40-8:25 AM

Cost: \$105

Title: Dance Fitness!

Description: Students will learn dance basics to current music and have fun getting fit.

Teacher: Mrs. Burtner

Grade Level(s): 6-7

Time: 7:40-8:25 AM

Cost: \$105

Title: 1st Grade Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 1

Time: 8:30-10:05 AM

Cost: \$60

Title: 2nd Grade Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 2

Time: 8:30-10:05 AM

Cost: \$60

Title: 3rd Grade Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 3

Time: 8:30-10:05 AM

Cost: \$60

Title: 5th Grade Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 5

Time: 8:30-10:05 AM

Cost: \$60

Title: Art & Animals K-2

Description: With animals as our inspiration, we will use clay and glaze for our first project. Then we will use paint, crayons, markers, and other supplies to have more fun making art. For our last project of summer school, we will create animals from wood, which you can paint before you take them home. During our class we will create several art projects that you will be able to take home as soon as they are finished.

Teacher: Mrs. Kyp-Johnson

Grade Level(s): K-2

Time: 8:30-9:15 AM

Cost: \$105

Title: Cooking I

Description: Not happy with what your parents cook? Don't love what you get for breakfast, lunch, or dinner? Curious about what your mom or dad are doing in the kitchen? Then give cooking a whirl. Join us this summer to learn about the basics of cooking and prepare simple foods quickly at home!

Teacher: Mr. Yena

Grade Level(s): 5-7

Time: 8:30-9:15 AM

Cost: \$150

Title: Running Club

Description: Learn about proper nutrition, training, stretching, and healthy choices. Run with your friends each day to build endurance and prepare for the cross country season. All participants will need proper running shoes, workout clothes, and water bottles. If we cannot train outdoors due to the weather, then we will train inside.

Teacher: Mr. Steele

Grade Level(s): 5-7

Time: 8:30-9:15 AM

Cost: \$105

Title: Introduction to Computer Programming & Coding

Description: Technology is all around us, but many of us do not understand how computers communicate with each other or what is the language of tech. Students will learn how computers operate and design or create computer programs by participating in an online tutorial from code.org. This tutorial offers an elementary school curriculum that allows even the youngest students to explore the limitless world of computing, how the Internet and technology tools are created, and career exploration. Through a series of over 20-lessons, students will blend online, self-guided and self-paced tutorials with

Teacher: Mr. Anagnostopoulos

Grade Level(s): 4-5

Time: 8:30-9:15 AM

Cost: \$105

Title: Kindergarten Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): K

Time: 8:30-10:05 AM

Cost: \$60

Title: Middle School Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 6-7

Time: 8:30-10:05 AM

Cost: \$60

Title: Makerspace and Pinterest: Let's Create!

Description: Imagine DIY meets education! Explore the world in which inquiry, technology, and invention collide. You will have the opportunity to explore your interests, learn new tools and be creative in this class.

Teacher: Mrs. Phillip

Grade Level(s): 5-7

Time: 8:30-9:15 AM

Cost: \$105

Title: Claymation: Stop Motion Animation!

Description: Students will learn about stop motion animation and create videos with clay characters.

Teacher: Mrs. Burtner

Grade Level(s): 6-7

Time: 8:30-9:15 AM

Cost: \$105

Title: 4th Grade Summer Achievers Reading

Description: This course will build stronger skills in the area of reading. Students will work on areas of reading that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 4

Time: 9:20-10:55 AM

Cost: \$60

Title: Art & Animals 4-5

Description: With animals as our inspiration, we will use clay and glaze for our first project. Then we will use paint, crayons, markers, and other supplies to have more fun making art. For our last project of summer school, we will create animals from wood, which you can paint before you take them home. During our class we will create several art projects that you will be able to take home as soon as they are finished.

Teacher: Mrs. Kyp-Johnson

Grade Level(s): 4-5

Time: 9:20-10:55 AM

Cost: \$125

Title: Boys Basketball

Description: Come and refine your skills as we focus on the fundamentals of basketball. Participants will focus on the critical fundamentals of passing, shooting, dribbling, rebounding, defense, offensive and defensive positioning, and other vital skills in order to help them be successful in the game of basketball. Then, put your skills to the test in game situations.

Teacher: Mr. Steele

Grade Level(s): 5-7

Time: 9:20-10:05 AM

Cost: \$105

Title: Cooking2

Description: Did you love Cooking1 with Mr. Yena so much last year that you are ready to go again this summer? Are you already a sous chef for your parents at home? Cooking 2 is for students who already have basic cooking skills, and want to work on perfecting their cooking and recipe skills!

Teacher: Mr. Yena

Grade Level(s): 5-7

Time: 9:20-10:05 AM

Cost: \$150

Title: Games Galore and More!

Description: Tired of too many videos games? Enjoy playing Survivor and Escape Room challenges? Looking for some real interaction with friends on a competitive basis? Then this is the class for you! We will have fun, play board games, participate in active challenges and use strategy to solve puzzles.

Teacher: Mrs. Philip

Grade Level(s): 4-7

Time: 9:20-10:05 AM

Cost: \$105

Title: Invent, Build, and Explore!

Description: Calling all inventors, builders, and designers; come and explore familiar stories with a STEAM twist! STEAM education provides an interdisciplinary approach to learning focusing on science, technology, engineering, art and math. Can you build a structure that is able to withstand the Big Bad Wolf? What can you use to help Goldilocks build a new chair for Baby Bear? In this class, students will learn about fairy tales and then explore how they can re-engineer the outcome using household and crafting materials. Students will be encouraged to investigate and apply formal design principles, and to revisit and rework designs to increase their performance. Skills necessary: none! Skills gained: communication, problem solving, reasoning, developing creativity, and teamwork.

Teacher: Ms. Pugliese

Grade Level(s): K-1

Time: 9:20-10:55 AM

Cost: \$125

Title: What do Scientists and Engineers do?

Description: Want to learn about careers in science and explore cool labs scientists and engineers participate in? This is the class you've been waiting for! In this course, students will have the opportunity to participate in scientific and engineering challenges such as biology/microscope exploration, ecology and the environment, chemistry experiments and snap circuit electronics. If you are a fan of hands on building and design, then you will definitely want to check this course out!

Teacher: Mr. Anagnostopoulos

Grade Level(s): 2-4

Time: 9:20-10:05 AM

Cost: \$105

Title: Exploring fractals!

Description: Explore fractals, never-ending patterns that combine the beauty of science, math and art. You will learn about famous fractals and create one of your own.

Teacher: Mrs. Ahmed

Grade Level(s): 5-7

Time: 9:20-10:55 AM

Cost: \$125

Title: Pottery!

Description: Come and create multiple projects based on hand-building and wheel throwing skills.

Teacher: Mrs. Burtner

Grade Level(s): 6-7

Time: 9:20-10:05 AM

Cost: \$150

Title: 1st Grade Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 1

Time: 10:10-10:55 AM

Cost: \$30

Title: 2nd Grade Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 2

Time: 10:10-10:55 AM

Cost: \$30

Title: 3rd Grade Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 3

Time: 10:10-10:55 AM

Cost: \$30

Title: 4th Grade Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 4

Time: 10:10-10:55 AM

Cost: \$30

Title: 5th Grade Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): 5

Time: 10:10-10:55 AM

Cost: \$30

Title: Girls Basketball

Description: Come and refine your skills as we focus on the fundamentals of basketball and utilize those skills in a game situation. Participants will focus on the critical aspects of dribbling, passing, shooting, rebounding, offensive and defensive positioning, and other vital skills to help them be successful in the game of basketball.

Teacher: Mr. Steele

Grade Level(s): 5-7

Time: 10:10-10:55 AM

Cost: \$105

Title: Introduction to Computers and Technology

Description: Video games, iPads, smartphones, computers galore! We all use them in one way or another, but how have they changed the way we learn and communicate with the world? Students will explore the historical impact, latest trends, and influences computers, video games, and technology have had on our lives. Students will have the opportunity to design their very own game using the computer programming language, Scratch. In addition, students will analyze and evaluate the software/games developed over the past decades and present findings to the class. By the end of this course, students will be able to create interactive games, stories, and artwork that they can share with anyone at school and at home!

Teacher: Mr. Anagnostopoulos

Grade Level(s): 2-3

Time: 10:10-10:55 AM

Cost: \$105

Title: Kindergarten Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics. Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their classroom teacher.

Teacher: TBD

Grade Level(s): K

Time: 10:10-10:55 AM

Cost: \$30

Title: Middle School Summer Achievers Math

Description: This course will build stronger skills in the area of mathematics.

Students will work on areas of mathematics that have been identified as needing support based on assessment and classroom data. This class is only for students who have been recommended by their teacher.

Teacher: TBD

Grade Level(s): 6-7

Time: 10:10-10:55 AM

Cost: \$30

Title: STEM Designing & 3D Printing

Description: Are you interested in learning how to think like an engineer? Do you want to learn how engineers make their ideas come to life? Join Mr. Yena to explore the world of engineering specifically using the computer program AutoDesk. We will be faced with problems engineers take on each day, and solve them with designing solutions. We will then take our solutions and design them on the CAD program AutoDesk turning them into a 3D graphic! This year we will be taking engineering to another level as we 3D print our Autodesk CAD designs!

Teacher: Mr. Yena & Mr. Kolar

Grade Level(s): 5-7

Time: 10:10-10:55 AM

Cost: \$105

Title: Volleyball, Basketball, and more!

Description: Come learn to play volleyball, basketball, and more! Learn skills, participate in games and have fun!

Teacher: Mrs. Fitzgerald

Grade Level(s): 3-4

Time: 10:10-10:55 AM

Cost: \$105

Title: Mosaics!

Description: Learn how to create mosaic art using glass and tile.

Teacher: Mrs. Burtner

Grade Level(s): 6-7

Time: 10:10-10:55 AM

Cost: \$150

Title: Art & Animals2-3

Description: With animals as our inspiration, we will use clay and glaze for our first project. Then we will use paint, crayons, markers, and other supplies to have more fun making art. For our last project of summer school, we will create animals from wood, which you can paint before you take them home. During our class we will create several art projects that you will be able to take home as soon as they are finished.

Teacher: Mrs. Kyp-Johnson

Grade Level(s): 2-3

Time: 11:00-11:45 AM

Cost: \$105

Title: Grilling

Description: Nothing says summer vacation like barbecuing outside! Want to join your parents outside this summer at the grill? Join us to learn about food safety, grill safety, and then try new recipes! Who wants to be the next Top Chef of Grilling at Highlands?!?

Teacher: Mr. Yena

Grade Level(s): 5-7

Time: 11:00-11:45 AM

Cost: \$150

Title: Co-ed Volleyball

Description: Students will learn and practice volleyball skills such as setting, serving, passing, spiking, and blocking. Students will also develop floor skills and ball control as well as individual skills and techniques. Players will integrate skills learned during game play and skill competitions.

Teacher: Mr. Kolar

Grade Level(s): 5-7

Time: 11:00-11:45 AM

Cost: \$105

Title: History on Film

Description: As we watch films about various aspects of history (both American and world), we will look at the films for both accuracy and to see what they can teach us about both the events portrayed and the time period seen. The films we watch during the class will cover both current topics in history and events that helped to shape our country in the past.

Teacher: Mr. Steele

Grade Level(s): 5-7

Time: 11:00-11:45 AM

Cost: \$105

Title: Let's Write!

Description: In this creative writing class students will have an opportunity to explore and discuss the components of a good story and apply these elements to their own writing. Through daily reading activities and journaling in writing notebooks students will brainstorm, develop, and nurture their own creative ideas.

Teacher: Mrs. Jordan

Grade Level(s): K-2

Time: 11:00-11:45 AM

Cost: \$105

Title: Wild About Science 2

Description: Are you fascinated by the way the world works? Do you wish you could do science experiments every day? Well, this class is just for you! Join us for experiments, explosions, reactions, and engineering. Kindergarteners through 2nd graders can enjoy the world of science through exciting and engaging hands-on experiments.

Teacher: Mrs. Reardon

Grade Level(s): K-2

Time: 11:00-11:45 AM

Cost: \$120

Title: Volleyball, Basketball, and more!

Description: Come learn to play volleyball, basketball, and more! Learn skills, participate in games and have fun!

Teacher: Mrs. Fitzgerald

Grade Level(s): 3-4

Time: 11:00-11:45 AM

Cost: \$105

Title: Harmony and Energy: Exploring Yoga and Tai Chi 4-5

Description: Do you want to increase your flexibility and confidence, power and positive attitude? Do you want to have fun moving to great music? This is the class for you!

Teacher: Mrs. Phillip

Grade Level(s): 4-5

Time: 11:00-11:45 AM

Cost: \$105

Title: Sewing!

Description: Come and learn the basics like sewing a button and mending a garment.

Teacher: Mrs. Burtner

Grade Level(s): 6-7

Time: 11:00-11:45 AM

Cost: \$105

Title: Band Camp

Description: Current 4th and 5th grade Brass, Woodwind, and Percussionists interested in improving individual skills, note and rhythm reading, and playing in large and small ensembles will spend one week (June 12-16th) from 12:30 to 3:45pm working with professionals in the music field. Students will learn from musicians specializing in each instrument, in addition to learning new music as a full band. At the end of the camp, students will give a concert, performing in their chamber groups and as a concert band. This summer camp is a unique chance to collaborate with professionals and peers to build musicality for the coming years. This camp is geared towards students that will be finishing their first or second year on their instrument.

Teacher: Mrs. Hardesty

Grade Level(s): 4-5

Time: 12:30-3:45 PM

Cost: \$175
