

SOCIAL THEATRE™

Community Performance Group

Social Theatre is a program where kids learn social skills experientially through theatre and script development. The purpose of this group is to teach what we learn in the community. We have performed at many venues including Navy Pier, Brookfield Zoo, Governor's event, downtown 5K walks, and Special Recreation Programs.

Goals

- Learn and practice collaborative skills through writing sketch comedy.
- Build on top of ideas with each other.
- Find humor in social inconsistencies, and learn from mistakes.
- Practice social skills through rehearsing skits for performance.
- Teach what we learn.
